Brotherhood Dinners

These dinners are traditionally held once a month (typically after the first chapter of the month). Alumni are always told about the event and are encouraged to attend. The attire is big letters (and big letters are allowed to be worn at chapter on the days of brotherhood dinners), however, business attire is also acceptable. The location of these dinners is determined by the brotherhood committee. In the past, the brotherhood committee has found several potential restaurants and polled the chapter to determine which restaurant had the most interest. The brotherhood committee is responsible for ensuring that the chosen restaurant fits the average brother's price range, doesn't have a "quiet" environment (brothers tend to get loud), and can fit 20 to 30 brothers on a table. Reservations should be made for the chosen restaurant a week before the dinner. Emails should be sent out to both alumni and undergraduate listservs.

Crossing Dinners

Crossing dinners are similar to brotherhood dinners with a few exceptions. This dinner occurs once a semester when a new line crosses into the chapter. The restaurant chosen has to be Thai Food (tradition) and alumni are strongly encouraged to attend; this is an opportune moment for alumni to meet the new brothers of our Fraternity. The attire is big letters.

Brotherhood Lock-In

Typical Lock-in

In the past brotherhood committee would set a date, pick a location (usually the house), and purchase alcohol, lots of alcohol. These events provide an opportunity for the brotherhood to spend a full 12 hours (at the minimum) together, uninebriated or not, and enjoy each other's company. Depending on the Budget and expected attendance, food such as pizza may also be provided by the brotherhood committee. It is fundamental that the committee chooses a date well in advance and notifies the alumni.

Activity Centered lock-in

This lock in is very similar to the traditional lockin, except, the night involves a center activity. This activity must be one that all brothers can participate in (such as poker or pong tournament)

and will give the lock in more structure. The supplies are the same as a traditional lock-in, except for supplies needed for the activity. BUDGET

Chapter Gifts

During the Fall semester, is it tradition for brotherhood committee to purchase a gift for the chapter. Good examples are Polos, hoodies, shot glasses. These gifts should be given to all active alumni and it is funded by the chapter. These gifts should run the chapter about \$200-\$500 depending on number of actives and brotherhood budget
